

# Certificate of Membership

## ASGA Membership Charter

- Members of the Australian Sign & Graphics Association are bound together by a Code of Practice to uphold high standards of signage and graphic design, manufacture, and installation.
- We are committed to honesty and integrity in all of our business dealings.
- The Association liaises with local, state and federal governments affecting the signage industry, acting at all times in the best interests of our members future prosperity and integrity of our industry.
- We maintain a commitment to the technological advancements developed through our local and international counterparts.
- We are committed to the ongoing training and development of young people entering our industry.
- We encourage the sharing and expanding of knowledge and expertise within our industry.
- Companies using the services of any of the members of the ASGA may be assured that they are dealing with signage professionals who are subject to redress through the Association in the event of any complaint.
